

NAVALISTA

SHIP REGISTRATION
SERVICE 

The mission of NAVALISTA is to provide high-efficient, competitive, and flexible marine engineering, surveying and ship registration solutions for any type of vessels (up to VLCC size), as well as high-qualified consultancy and legal advice.

NAVALISTA operates the top-notch equipment and software solutions for design and engineering, along with the cutting-edge techniques for project management and administration of business processes to achieve accuracy, reliability and punctuality towards our customers.

We are constantly improving service standards and expanding our offices' network to provide customers with a high geographical availability combined with vast commercial capacity.

Having its head office in Odessa, NAVALISTA manages an extensive network of branches in Ukraine (Kherson, Mykolayiv, Chornomorsk) and Moldova, as well as representatives worldwide (Canada, Romania, Bulgaria, Germany, UK, Latvia, Israel, UAE, Singapore and Indonesia).

The company services more than 150 companies and 350 vessels in various activities and already engage under Flags of: Palau, Republic of Cameroon, Sierra Leone, Republic of Moldova, Republic of Tanzania, Tuvalu, Republic of Dominica, Republic of Bermuda, Cook Islands, Panama, Georgia, Vanuatu, Marshall Islands, Malta, St. Kitts and Nevis.

You can easily decide which country is best for you or if you are confused contact us by phone, real time chat or email. We offer lowest fees of any firm offering ship registration services and we offer the fastest processing in the business.
